We refer to previous correspondence regarding structures on the above properties.

You have raised concerns over Council's use of the term "Illegal Levee Banks" in reference to the structures on your properties. We acknowledge that pending the outcome of further investigations, including but not limited to modelling being carried out on your behalf that the structures should be referred to as "unapproved structures".

We acknowledge that you are undertaking a process of formalising an application along with modelling that may or may not lead to the approval of the structures. We reiterate that currently, the structures in question have not been approved by Council.

If you require any further information, please contact Council's Department of Engineering Services on 07 4671 7449.

Yours faithfully

**Carl Manton**  
Chief Executive Officer  
Goondiwindi Regional Council
