Dear Dr Creteigny and Dr Malakellis

**Re: Murray-Darling Basin Royal Commission – Notification of Contrary Evidence**

I advise that the Murray-Darling Basin Royal Commission has commenced public hearings in Adelaide.

I invite your attention to the submission of Professor Sarah Wheeler and others, provided to the Commission and available on the website at [www.mdbrc.sa.gov.au](http://www.mdbrc.sa.gov.au). I note that that submission critiques your report entitled KPMG, 'Northern Basin Community Modelling: Economic Assessment of Water Recovery Scenarios', November 2016.

I advise that Professor Wheeler and Professor Grafton will be giving evidence to the Commission at public hearings on 3 July and 12 July respectively.

To that end, I extend an invitation to you to check the Commission's website in order to inform yourselves of these and other persons giving evidence and any relevant submission and/or witness statement provided to the Commission.

Please feel free to contact the writer, should you wish to seek leave to be represented and/or heard in relation to that evidence – [joanne.masters@mdbrc.sa.gov.au](mailto:joanne.masters@mdbrc.sa.gov.au).

Yours sincerely

Joanne Masters  
**Senior Instructing Solicitor**
