22 June 2018

Mr Andrew Metcalfe AO
Ernst & Young
GPO Box 281
CANBERRA ACT 2601

Sent by email: andrew.metcalfe@au.ey.com

Dear Mr Metcalfe

Re: Murray-Darling Basin Royal Commission – Notification of Contrary Evidence

I advise that the Murray-Darling Basin Royal Commission has commenced public hearings in Adelaide.

I invite your attention to the submission of Professor Sarah Wheeler and others, provided to the Commission and available on the website at www.mdbrc.sa.gov.au. I note that that submission critiques your report entitled Ernst & Young, *Analysis of Efficiency Measures in the Murray-Darling Basin: Opportunities to recover 450GL in additional environmental water through efficiency measures by 2024, with neutral or positive socio-economic impacts*, 19 January 2018.

I advise that Professor Wheeler and Professor Grafton will be giving evidence to the Commission at public hearings on 3 July and 12 July respectively.

To that end, I extend an invitation to you to check the Commission's website in order to inform yourself of these and other persons giving evidence and any relevant submission and/or witness statement provided to the Commission.

Please feel free to contact the writer, should you wish to seek leave to be represented and/or heard in relation to that evidence – joanne.masters@mdbrc.sa.gov.au.

Yours sincerely

Joanne Masters
Senior Instructing Solicitor
